

A low berm shall be placed on the northern edge of compound to prevent any surface run-off flowing directly off the compound to nearby drains.

Access Road

- All levels in meters above ordnance datum
Malin Head
- A low berm shall be placed on the northern edge of compound to prevent any surface run-off flowing directly off the compound to nearby drains. Check dams and silt traps will be installed to prevent solids entering drains downstream.
- All Structures to be removed and ground levelled after temporary use ceases.
